Dear Friends,
Summer is almost over and we begin another year of school. For thirty years I have watched children on their first day of school.

I take them shopping to make sure their confidence and self esteem are all on their faces.

I take the children, girls first. I take a folding chair and sit at the dressing room to teach them the dress code and how many outfits they can make from mix and match. Four and a half hours later we finish. Then I take the boys. Great, it only takes two and a half hours for the boys.

The children have worked this summer so they have some money for special things like jewelry or fad items.

All in all, this is a very stressful time for the children. This means a new challenge and hopefully success.

Barbara J. Condo,
Executive Director & Founder

Explosive Tutors Needed

One Way Farm feels that children who succeed in school also grow in self esteem. We need tutors when school starts. Please Call 829-2376, speak to Brenda

Back to School

To clothe and start a child in school costs approximately \$250.00. Please consider helping.. 20 pairs of gym shoes, 200 shirts or tops, 120 pairs of jeans, 200 pairs of socks, 200 pairs of underwear, and 20 jackets. Then there are gym shorts and all the other items to start school.

Child of the Month

Much to my surprise, a knock on the door. This youth was here thirty years ago. He had drug and alcohol problems. When he was here, his blonde hair and blue eyes made him so likeable. But he was lost in a world of drugs. "Hello, I came from California to see you to introduce you to my daughter and son and to let you know that the seed you planted 30 years ago has grown. I am a Professor at a Southern California College and I am a Degreed Clinical Psychologist. I am sorry it took me 30 years to come and say thank you. Can I have a picture of you and me? I remember when you planned all of this and to see it.....I can't express my feelings." And a tear fell down his face.

Does your church, place of business or civic group need a guest speaker? Ms. Condo has been speaking for 30 years on topics ranging from One Way Farm, Faith, Family Values and Child Abuse. She would be happy to be a guest speaker for your group. Please call 829-5683

Just to let you know of some of our out of the line expenses. Due to the heat, our utility bills have skyrocketed. Gasoline expenses are very high for recreation, field trips and doctor appointments. The school year has now begun and another expense will reappear. Please become an ambassador for One Way Children's Home. Tell two people about us and become a valuable part of a child in crisis care.
